

## Prochem Renovator Kit: For TM4

**Variant code: 16-CA3823**

**Prochem Renovator Kit for TM4** is a genuine accessory kit designed to enhance the versatility of the **Prochem TM4 carpet cleaning wand**. Engineered for professional carpet maintenance and restoration, the Renovator Kit helps improve cleaning performance by enabling more effective agitation of carpet fibres, loosening embedded soil and preparing carpets for thorough extraction.

Manufactured to Prochem's high standards, the kit integrates seamlessly with the TM4 wand, allowing operators to achieve improved cleaning results across heavily trafficked carpeted areas. Its durable construction is designed to withstand regular commercial use while maintaining reliable performance in demanding cleaning environments.

Easy to install and remove, the Prochem Renovator Kit is ideal for professional carpet cleaners seeking to maximise the cleaning capability of their TM4 wand. As a genuine Prochem accessory, it ensures precise fitment, dependable operation and long-lasting durability.
