Prochem Solvex - 1L

Variant code: 09-A277

A non-volatile water-rinseable solvent and detergent spot remover.

Suitable for oil-based paint, emulsion paint, solvent soluble ink and other solvent soluble stains on carpets, fabrics and hard surfaces.

Always pretest carpet, fabric or surface to be treated before proceeding. Do not use on solvent sensitive fibres or surfaces (such as some plastics). For indoor use ensure there is adequate ventilation.

Do not over-apply or pour directly onto stains.

Property	Value
Dilution	Use Neat
Fragrance	Solvent
Area of Use	Carpets, fabrics and hard surfaces
CLP	corrosive, human-hazard
How to Use	Apply to stain with white towel. Use for small surface spots/stains. Scrape residue with blunt knife/blot gently with white towel, do not rub. Repeat if required. For best results, rinse extract with water to remove residue, preventing ring marks.
Chemical Colour	Clear
