Prochem Steempro Powerflo - Carpet Cleaning Machine Complete with 5m Hose and Wand

Variant code: 16-SX2000

Prochem Steempro Powerflo is a professional **carpet and upholstery extraction machine** designed to deliver powerful, reliable and efficient cleaning performance for both residential and commercial environments. Combining robust construction, high-performance extraction technology and exceptionally quiet operation, the Steempro Powerflo is a trusted choice for professional cleaners seeking outstanding cleaning results across a wide range of soft furnishings and carpeted surfaces.

Finished in a durable **scuff-resistant granite housing**, the Steempro Powerflo is equipped with a powerful **120 psi diaphragm pump** and a high-performance **3-stage vacuum motor** that work together to provide deep cleaning and excellent moisture recovery. This combination effectively removes embedded dirt, stains and contaminants from carpets and upholstery while helping to reduce drying times. The integrated **"whisper quiet" silencer system** makes it one of the quietest portable extractors in its class, allowing operators to work in occupied environments with minimal disruption.

Supplied complete with a **5 metre solution and vacuum hose set** and a **single jet Glidemaster stainless steel wand**, the machine is ready for immediate professional use. For operators requiring heated cleaning performance, an optional **Heat 'n' Run inline heat exchanger** is available to provide a continuous hot cleaning solution. Built for durability, ease of operation and professional results, the Steempro Powerflo is an ideal solution for routine carpet maintenance, restorative cleaning and upholstery care.

Product Features

- **Professional carpet and upholstery extraction machine**
- Powerful **120 psi diaphragm pump**
- High-performance **3-stage vacuum motor**
- Integrated **whisper quiet silencer**
