Prochem Vacuum & Solution Extension Hose Assembly 7.5m - 25ft

Variant code: 16-PR3005EH

Prochem Vacuum & Solution Extension Hose Assembly is a **professional-grade dual-purpose hose set** designed to extend the reach of compatible carpet and upholstery extraction machines. Combining both vacuum and solution delivery hoses into a convenient assembly, this extension hose allows operators to clean larger areas more efficiently without frequently repositioning the extraction machine.

Measuring **25ft (7.5m)** in length, the hose assembly provides excellent working range for commercial carpet cleaning, upholstery cleaning and restoration applications. The integrated design ensures reliable solution delivery and powerful vacuum recovery, helping maintain optimum cleaning performance across extended distances.

Manufactured from durable, professional-quality materials, the hose assembly is built to withstand the demands of daily commercial use. Its flexible construction allows easy manoeuvrability around furniture, fixtures and obstacles while maintaining consistent airflow and solution pressure throughout the cleaning process.

Ideal for use in larger buildings and open areas, this genuine Prochem hose assembly helps improve productivity, reduce machine movement and increase cleaning efficiency during professional extraction cleaning tasks.

Product Features

- **Professional vacuum and solution hose assembly**
- **25ft (7.5m) extension length**
- Combines vacuum and solution hoses in one assembly
- Extends cleaning reach and working area
- Durable commercial-grade construction
- Flexible and easy to manoeuvre
- Maintains efficient airflow and solution delivery
- Suitable for carpet and upholstery extraction applications

- Genuine Prochem accessory

Product Benefits

- **Increases cleaning reach without moving the machine**
- **Improves productivity on larger cleaning jobs**
- **Maintains strong extraction and solution performance**
- Reduces downtime and repositioning requirements
- Flexible design improves operator convenience
- Durable construction ensures long service life

Technical Characteristics

- Product Type: **Vacuum & Solution Hose Assembly**
- Length: **25ft (7.5m)**
- Function: Vacuum Recovery & Solution Delivery
- Construction: Heavy-Duty Flexible Hose Assembly
- Application: Carpet & Upholstery Extraction
- Compatibility: Suitable for compatible Prochem extraction machines
- Genuine Prochem accessory

Applications

Prochem Vacuum & Solution Extension Hose Assembly is ideal for **professional carpet cleaners, contract cleaning companies, facilities management providers, hotels, schools, healthcare facilities, offices and restoration contractors**. Suitable for **carpet cleaning, upholstery cleaning, spot cleaning and extraction cleaning in larger areas**, it provides extended reach and improved operational efficiency while maintaining professional cleaning performance.

Property	Value
Length (mm)	760 (25ft)
Weight (kg)	3
Area of Use	Carpet Cleaning Machines, Upholstery Cleaning Machines, Professional Extraction Cleaning Equipment, Commercial Cleaning Applications
