

Refuse Sack with Wide Opening – Heavy Duty – 18kg – Clear – Box of 200/120L

Variant code: 18-CL18L

Refuse Sacks with Wide Opening are durable **heavy duty 120 litre waste sacks** designed for efficient and reliable waste disposal in demanding commercial, industrial and high-volume environments. Manufactured from robust high-quality polythene, these clear refuse sacks provide dependable performance for handling substantial waste loads while helping maintain hygienic and organised waste management procedures.

Featuring a generous **120 litre capacity** and a strong **18kg load rating**, these refuse sacks are engineered to resist tearing, punctures and leaks during use. The specially designed **wide opening format** allows easier loading of bulky or high-volume waste materials, improving efficiency and reducing handling time during cleaning and waste disposal operations. Their clear construction enables quick identification of contents, supporting waste segregation and security procedures where visibility is important.

Supplied in a practical **box of 200 sacks**, these heavy-duty refuse sacks provide a cost-effective and long-lasting waste management solution for workplaces and facilities handling substantial daily waste volumes.

Product Features

- **Heavy duty refuse sacks with wide opening**
- **120 litre capacity**
- **18kg load rating**
- Strong high-quality polythene construction
- Wide opening for easier waste loading
- Clear design for content visibility and waste segregation
- Designed to resist tears, punctures and leaks
- Suitable for commercial and industrial waste management
- Supplied in a **box of 200 sacks**

Product Benefits

- Supports efficient and hygienic waste disposal procedures
- Reduces risk of sack failure, spills and leakage
- Improves loading efficiency for bulky waste materials
- Provides reliable performance in demanding environments
- Supports waste segregation and identification processes
- Reduces refill frequency with large-capacity design
- Offers cost-effective bulk supply for high-use facilities

Technical Characteristics

- **120L heavy duty refuse sacks**
- **18kg maximum load capacity**
- Clear polythene construction
- Wide opening sack design
- Suitable for commercial and industrial waste applications
- Heavy-duty puncture and tear-resistant performance
- **Box quantity: 200 sacks**

Applications

Refuse Sacks with Wide Opening are ideal for commercial kitchens, warehouses, offices, schools, healthcare facilities, industrial workplaces, construction environments and hospitality venues where reliable high-capacity waste disposal is required. Their heavy-duty construction, wide opening format and clear design make them particularly suitable for demanding environments handling bulky or high-volume waste materials.

Property	Value
Colour	Clear
Capacity (L)	120
Bag Closed Width (mm)	430
Bag Open Width (mm)	838
Bag Length (mm)	965
Bags per Box	200
Duty	Heavy
Certification	CHSA Accredited
