Refuse Sacks - Heavy Duty - 90L/15kg - Box of 200 - Green

Variant code: 18-COL18G

Refuse Sacks are durable **heavy duty 90 litre waste sacks** designed to provide reliable and hygienic waste disposal for commercial, industrial and domestic environments. Manufactured from high-quality polyethylene, these strong green refuse sacks deliver dependable performance for handling substantial everyday waste loads while supporting efficient waste management procedures.

Featuring a generous **90 litre capacity** and a dependable **15kg load rating**, these refuse sacks are engineered to resist tearing, punctures and leaks during use. Their heavy-duty construction makes them suitable for handling office waste, kitchen refuse, garden debris, workshop waste and light industrial applications. The distinctive **green colour** supports waste segregation systems and allows easy identification of designated waste streams in workplaces and public environments.

Supplied in a practical **box of 200 sacks**, these refuse sacks provide a cost-effective and reliable waste disposal solution for facilities requiring durable and hygienic bulk waste management consumables. Their robust construction ensures consistent performance in demanding environments where dependable waste containment is essential.

Product Features

- **Heavy duty refuse sacks**
- **90 litre capacity**
- **15kg load rating**
- Strong tear and puncture-resistant polyethylene construction
- Designed to resist leaks and splitting
- Distinctive **green colour** for waste identification
- Suitable for commercial and industrial waste disposal
- Supplied in a **box of 200 sacks**

Product Benefits

- Provides reliable and hygienic waste containment
- Supports efficient waste disposal in

Tel: 01626 355177

demanding environments
- Reduces risk of spills, tears and liner failures
- Improves waste segregation and colour-coded waste management
- Suitable for heavier and bulkier everyday waste
- Helps maintain cleaner and more organised waste areas
- Offers economical bulk supply for regular use

Technical Characteristics

- **90L heavy duty refuse sacks**
- **15kg maximum load capacity**
- Green high-quality polyethylene construction
- Heavy-duty puncture and tear-resistant design
- Suitable for general and light industrial waste applications
- Designed for commercial, industrial and domestic use
- **Box quantity: 200 sacks**

Applications

Refuse Sacks are ideal for offices, warehouses, schools, hospitality venues, factories, workshops, retail premises and domestic environments where durable and reliable waste disposal solutions are required. Their strong construction and green colour-coded design make them particularly suitable for environments operating waste segregation, recycling and colour-coded waste management systems.
