Refuse Sacks - Heavy Duty - 90L/15kg - Box of 200 - Red

Variant code: 18-COL18R

Refuse Sacks are robust **heavy duty 90 litre waste sacks** designed for reliable and hygienic waste disposal in demanding domestic, commercial and industrial environments. Manufactured from high-quality durable polythene, these strong refuse sacks provide dependable containment for heavier waste loads while helping maintain clean and efficient waste management procedures.

Featuring a generous **90 litre capacity** and a strong **15kg load rating**, these sacks are engineered to resist tearing, punctures and leaks during use. Their durable heavy-duty construction makes them suitable for handling kitchen waste, office refuse, garden debris and light industrial waste applications. The distinctive **red colour** allows easy identification for waste segregation, recycling systems or designated waste streams where visual differentiation is important.

Supplied in a convenient **box of 200 sacks**, these refuse sacks provide a cost-effective and long-lasting waste disposal solution for busy workplaces and facilities requiring dependable everyday waste management consumables.

Product Features

- **Heavy duty refuse sacks**
- **90 litre capacity**
- **15kg load rating**
- Strong tear-resistant polythene construction
- Designed to resist punctures and leaks
- Distinctive **red colour** for easy waste identification
- Suitable for commercial and industrial waste disposal
- Supplied in a **box of 200 sacks**

Product Benefits

- Provides reliable and hygienic waste containment
- Supports efficient waste disposal in demanding environments
- Reduces risk of spills, tears and liner failure
