

Ripple Wall Coffee Cups – 12oz – Case of 500 – Black

Variant code: 19-12OZBLA

Ripple Wall Coffee Cups are premium **12oz disposable hot drink cups** designed to provide superior insulation, comfort and professional presentation for takeaway beverages. Featuring a stylish black ripple-wall construction, these cups help keep drinks warmer for longer while protecting hands from heat, making them ideal for cafés, coffee shops, catering and food-to-go environments.

Manufactured with an innovative **triple-layer ripple design**, these coffee cups provide enhanced thermal insulation without the need for additional cup sleeves. The textured ripple outer layer creates an effective cooling barrier for comfortable handling while helping maintain beverage temperature for tea, coffee, hot chocolate and other hot drinks. Their professional black finish offers a modern and premium appearance suitable for busy hospitality and takeaway operations.

Supplied in a convenient **case of 500 cups**, these disposable ripple cups provide a cost-effective and reliable solution for high-volume beverage service environments. Compatible black disposable lids are available separately (**19-05995**) for secure takeaway use.

Product Features
