

## Rubbermaid Brute Square Dolly – Box of 2

**Variant code: 14-FG3530000**

Manufactured from a combination of durable polyethylene and metal, the Rubbermaid Square Brute Dolly enables users to easily transport containers from one location to the next, without the risk of injury. Suitable for use with FG3525 (106L) and FG3536 (151.4L) containers, the dolly is capable of withstanding a continuous static load capacity of up to 136kg. Its non-marking castors not only provide excellent manoeuvrability, but also protect floors from the risk of damage or unsightly scuff marks that will require follow-up cleaning.

### Features:

- Durable metal and polyethylene construction ensure that it can withstand robust treatment in busy environments
- Non-marking swivel casters ensure that floors are protected while offering excellent manoeuvrability
- Capable of withstanding a continuous static load of up to 136kg
- Polyethylene structure won't rust, dent or chip for improved product longevity
- Suitable for use with FG3526 and FG3536 Square Brute containers
- Max. Load Capacity: 136kg
- Dimensions: W44 x H16 x D44cm
- Material: Polyethylene/Metal
