

Rubbermaid Hygen Microfibre Charging Bucket – Yellow

Variant code: 14-Q950

Manufactured from lightweight, non-porous polypropylene and designed for use with HYGEN microfibre Damp Mops and Quick-Connect tools, Rubbermaid's HYGEN Microfibre Charging Bucket helps prevent oversaturation of microfibre pads. Capable of holding up to 20 single-sided pads, the bucket also protects against the risk of cross contamination by providing quick, easy access to fresh mops that can be used upon entry to new environments. Dimensions: W60.64 x H34.61 x D24.13cm Material: Polypropylene
