

Sebo BP60 Battery Upright Vacuum Cleaner

Variant code: 16-BP60

The new SEBO BP60 offers 60 minutes of powerful cleaning performance using a state of the art 308 Watt Hour lithium-ion battery.

The upper case of the SEBO BP60 is made from a soft textile material with a 2-way-zip. This durable material is shockproof, lightweight and won't scratch walls and furniture. The machine will work when flat, making it easy to vacuum under furniture.

- Efficient Impeller Technology A 17,000 rpm impeller is driven by a toothed belt. A separate toothed belt drives the brush. This system makes the most efficient use of the motor power for powerful suction and brush action.
- The high-performance battery the Sebo power unit offers 60 min run time.
- Removable brush roller – the brush roller can easily be removed without tools for replacement or to remove tangled hairs and fibres.
- Adjustable brush height – 4 stage adjustment so can be used on different carpet types.
- Large 5.5L bags
- Easy access below to air channel to remove blockages.
- In case of blockage or overload the unit switches itself off automatically. In the upright position the brush lifts to protect the floor.
