Sebo BS360 Commercial Upright Vacuum Cleaner - Twin Motor - 14"/36cm

Variant code: 16-BS360

Sebo BS360 Commercial Upright Vacuum Cleaner is a premium professional upright vacuum cleaner engineered to deliver exceptional cleaning performance, reliability and user comfort in demanding commercial environments. Featuring a powerful twin motor system and a 14"/36cm cleaning head, the BS360 combines efficiency, durability and practical usability for contract cleaners, facilities management teams and professional janitorial operations.

Designed for extended daily commercial use, the BS360 provides outstanding cleaning versatility across offices, schools, hotels, healthcare facilities and public buildings. Its slim upright design allows the machine to clean flat to the floor for improved access beneath furniture, while the L-shaped cleaning head easily reaches underneath radiators and into difficult areas. The twin motor system delivers dependable brush and suction performance for effective carpet cleaning and dirt recovery across large commercial spaces.

Built using high-quality materials and engineered for long-term reliability, the BS360 incorporates professional maintenance features including replaceable brush strips and convenient unblocking access points to minimise downtime and servicing costs. The ergonomic design improves operator comfort during prolonged cleaning tasks, making the BS360 an efficient and durable solution for professional commercial vacuum cleaning applications.
