Sebo Vacuum Cleaner Crevice Tool

Variant code: 16-1092GS

Sebo Crevice Tool is a **genuine vacuum cleaner accessory** designed to provide effective cleaning in narrow gaps, corners and hard-to-reach areas. Engineered for compatibility with Sebo vacuum cleaners, this slim crevice nozzle allows users to remove dust, dirt and debris from confined spaces that standard floor tools cannot easily access.

The narrow profile is ideal for precision cleaning around skirting boards, radiators, furniture, upholstery edges, vehicle interiors and other restricted areas. Its durable construction ensures reliable performance during everyday cleaning tasks while maintaining excellent airflow and suction efficiency.

Manufactured to Sebo's high-quality standards, this genuine crevice tool provides a secure fit and dependable operation, helping users achieve a more thorough clean throughout commercial, domestic and professional environments.

Product Features

- Genuine Sebo crevice tool accessory
- Slim nozzle design for restricted spaces
- Ideal for detailed cleaning tasks
- Durable and lightweight construction
- Maintains effective airflow and suction
- Easy to attach and remove
- Suitable for commercial and domestic use
