Sebo D8 Professional Cylinder 6L Dry Vacuum Cleaner

Variant code: 16-D8

Sebo D8 Professional Cylinder Vacuum Cleaner is a high-performance commercial dry vacuum cleaner designed to deliver powerful cleaning performance, exceptional filtration and superior operator comfort in demanding professional environments. Combining advanced engineering, professional durability and ergonomic usability, the D8 Professional provides efficient and reliable vacuum cleaning across offices, hotels, healthcare facilities and commercial buildings.

Engineered for professional cleaning applications, the D8 Professional features powerful suction performance with variable power control to adapt cleaning intensity across carpets, hard floors and delicate surfaces. Its large 6-litre capacity allows extended cleaning sessions with reduced downtime for bag changes, improving operational productivity for janitorial teams and contract cleaners. The professional cylinder design offers excellent manoeuvrability and stability, allowing smooth movement across flooring and around furniture in busy environments.

Built with Sebo's renowned attention to durability and filtration performance, the D8 Professional incorporates advanced filtration technology to improve dust containment and indoor air quality during operation. Ergonomic controls, adjustable telescopic tube systems and practical accessory storage improve user comfort and convenience, while the robust commercial-grade construction ensures dependable long-term reliability for intensive daily cleaning operations.

Product Features

- **Professional cylinder dry vacuum cleaner**
- Large 6L dust collection capacity
- Powerful commercial suction performance
- Variable power control for multi-surface cleaning
- Advanced high-efficiency filtration system
- Ergonomic commercial cylinder design
- Adjustable telescopic tube system
- **Durable professional-grade**
