Sebo Dust Bags for all Dart Models - Pack of 10

Variant code: 16-7029

Sebo Dust Bags are **genuine replacement filter bags** designed for use with **all Sebo Dart vacuum cleaner models**. Manufactured to Sebo's exacting standards, these high-performance filter bags provide excellent dust retention, hygienic disposal and reliable vacuum performance, helping to maintain the efficiency and cleanliness of your machine.

Engineered to capture dust, dirt and fine particles effectively, the bags help maintain strong airflow and consistent suction throughout the cleaning process. Their durable multi-layer construction reduces the risk of splitting or tearing, even when used in demanding commercial cleaning environments.

Regular replacement of dust bags is essential for maintaining optimum vacuum performance and protecting the machine's filtration system. Supplied as a convenient **pack of 10**, these genuine Sebo bags provide an economical solution for routine maintenance and high-frequency cleaning operations.
