Sebo Dust Bag for BS36/BS46

Variant code: 16-1055

Sebo Dust Bags are **genuine replacement vacuum bags** designed specifically for the **Sebo BS36 and BS46 upright vacuum cleaners**. Manufactured to Sebo's exacting standards, these high-capacity dust bags provide efficient dust collection and filtration, helping to maintain optimum vacuum performance while ensuring hygienic disposal of collected dirt and debris.

Designed for professional cleaning environments, the bags effectively capture dust, dirt and fine particles during operation, supporting consistent suction performance and helping to protect the vacuum's internal filtration system. Their robust construction minimises the risk of tearing or splitting, even when used in demanding commercial applications.

Regular replacement of dust bags helps maximise airflow and maintain cleaning efficiency, ensuring your Sebo vacuum continues to deliver reliable results. Supplied as a convenient **pack of 10**, these genuine replacement bags offer excellent value for high-frequency cleaning environments.

Product Features

- Genuine Sebo replacement dust bags
- Designed for Sebo BS36 and BS46 vacuum cleaners
- High-capacity dust collection design
- Efficient dirt and dust retention
- Supports optimum airflow and suction performance
- Strong, durable bag construction
