Sebo Exhaust Filter: For BS36/BS46

Variant code: 16-1467

Sebo Exhaust Filter is a **genuine replacement filtration component** designed specifically for the **Sebo BS36 and BS46 upright vacuum cleaners**. Positioned within the vacuum's exhaust system, this filter helps capture fine dust particles and airborne contaminants before air is released back into the environment, supporting cleaner indoor air and maintaining optimum vacuum performance.

Regular replacement of the exhaust filter helps ensure efficient airflow through the vacuum cleaner while maintaining effective filtration performance. By preventing fine dust from re-entering the atmosphere, the filter contributes to a cleaner and more hygienic environment, making it particularly beneficial in commercial, educational and healthcare settings.

Manufactured to Sebo's exacting standards, this genuine replacement filter provides a precise fit and dependable performance. Its durable construction and effective filtration properties help maintain the overall efficiency and reliability of the BS36 and BS46 vacuum cleaner range.

Product Features

- Genuine Sebo exhaust filter
- Designed for Sebo BS36 and BS46 vacuum cleaners
- Effective exhaust air filtration
- Captures fine dust and airborne particles
- Helps maintain vacuum performance
- Supports cleaner indoor air quality
- Easy to install and replace
- Durable filter construction

Product Benefits

- **Improves air quality by filtering exhaust air**
- **Helps prevent fine dust from re-entering the environment**
- **Maintains efficient vacuum cleaner performance**
- Supports hygienic cleaning standards
- Helps maintain optimum airflow
- Simple replacement as part of routine maintenance

- Contributes to a cleaner working environment
- Genuine compatibility ensures reliable operation

Technical Characteristics

- Product Type: Exhaust Filter
- Compatibility: Sebo BS36 & BS46 Vacuum Cleaners
- Function: Exhaust Air Filtration
- Installation: Replacement Filter
- Application: Vacuum Cleaner Maintenance
- Genuine Sebo Accessory
- Commercial and Domestic Use
- Easy-Fit Design

Applications

Sebo Exhaust Filter is ideal for **offices, schools, healthcare facilities, hotels, retail stores, public buildings and domestic environments** using **Sebo BS36 and BS46 upright vacuum cleaners**. Suitable for maintaining effective filtration and air quality during cleaning operations, it helps support hygienic environments while ensuring consistent vacuum performance and reliability.
