Sebo Microfibre Dust Bags: For D Professional

Variant code: 16-8120ER

Sebo Microfibre Dust Bags are **genuine ultra-filter replacement dust bags** designed specifically for **Sebo D Professional vacuum cleaners**. Manufactured from advanced multi-layer microfibre filtration material, these high-performance dust bags provide exceptional dust retention, improved filtration efficiency and hygienic disposal of collected debris.

Engineered to maximise airflow while effectively capturing fine dust particles, dirt and allergens, the microfibre construction helps maintain strong suction performance throughout the life of the bag. The advanced filtration material offers superior dust containment compared to conventional paper bags, helping to support cleaner indoor air and improved vacuum efficiency.

Designed for demanding commercial and professional cleaning environments, these genuine Sebo Ultra Bags help protect the vacuum's filtration system while reducing maintenance requirements. Their robust construction resists tearing and ensures dependable performance even during intensive cleaning operations.

Supplied as a convenient **pack of 8**, these genuine Sebo dust bags provide a reliable and economical solution for maintaining peak vacuum cleaner performance.

Product Features

- Genuine Sebo Ultra Microfibre Dust Bags
- Designed for Sebo D Professional vacuum cleaners
- Advanced multi-layer microfibre filtration
- High-capacity dust collection design
- Excellent dust and allergen retention
- Maintains strong airflow and suction performance
- Durable tear-resistant construction
- Supplied as a pack of 8

Product Benefits

- **Provides superior dust filtration and containment**
