

## Sebo Replacement Exhaust Filter: For Dart 1

Variant code: 16-7015ER

**Sebo Replacement Exhaust Filter** is a **genuine replacement filtration component** designed specifically for the **Sebo Dart 1 Vacuum Cleaner**. Positioned within the vacuum's exhaust system, this filter helps capture fine dust particles and airborne contaminants before air is released back into the environment, supporting cleaner indoor air and maintaining optimum vacuum performance.

As an essential part of the Dart 1 filtration system, the exhaust filter helps improve air quality during cleaning by trapping residual dust and allergens that may pass through the vacuum bag and primary filtration stages. Regular replacement ensures efficient airflow, consistent suction performance and effective exhaust filtration.

Manufactured to Sebo's exacting standards, this genuine replacement filter provides a perfect fit and dependable performance. Its high-quality construction helps maintain the overall efficiency of the vacuum cleaner while supporting a cleaner and healthier environment in both commercial and domestic settings.
