Sebo Hard Brush Strip: For 470/BS46 - Red

Variant code: 16-4028H

Sebo Soft Brush Strip is a **genuine replacement brush roller strip** designed specifically for the **Sebo 470 and BS46 upright vacuum cleaners**. Featuring softer bristles than standard brush strips, this replacement component is ideal for maintaining effective cleaning performance on delicate carpets and sensitive floor coverings while helping to protect floor finishes.

The soft brush strip works by gently agitating carpet fibres and lifting dust, dirt and debris for efficient vacuum collection. Its softer bristle construction provides effective cleaning action whilst reducing wear on delicate surfaces, making it suitable for environments where floor appearance and carpet care are a priority.

Manufactured to Sebo's exacting quality standards, this genuine replacement brush strip ensures a precise fit and reliable operation. Regular replacement helps maintain optimum brush roller performance, consistent cleaning results and the long-term efficiency of your Sebo vacuum cleaner.

Product Features

- Genuine Sebo soft brush strip
- Designed for Sebo 470 and BS46 vacuum cleaners
- Soft bristle construction
- Provides gentle carpet agitation
- Helps lift dust, dirt and debris effectively
- Suitable for delicate carpets and floor coverings
