Sebo Type Paper Dust Bags for BS36 Vacuum Cleaner - Pack of 10

Variant code: 16-YYY424

Sebo Type Paper Dust Bags are **high-quality replacement dust bags** designed specifically for **Sebo BS36 upright vacuum cleaners**. Supplied in a convenient **pack of 10**, these paper dust bags provide reliable dust collection and are an economical solution for maintaining vacuum performance in commercial and domestic cleaning environments.

Manufactured from durable multi-layer paper, the bags efficiently capture dust, dirt and everyday debris while maintaining consistent airflow to help preserve strong suction throughout the cleaning process. Their robust construction helps minimise the risk of splitting during use, ensuring hygienic dust containment and clean disposal when full.

Designed as direct replacement bags for the Sebo BS36, they fit securely into compatible machines for quick and hassle-free installation. Regular bag replacement helps maintain optimum cleaning efficiency, protects the vacuum motor from excessive dust ingress and contributes to a longer service life for the machine.

Ideal for routine maintenance, these replacement paper dust bags deliver dependable performance and excellent value for professional cleaners, facilities management teams and domestic users.
