Selden Kitchen Cleaner and Degreaser - Eco-Friendly Degreaser-Catering and General Purpose - 2 x 5L

Variant code: 04-F224-05

Selden Ecoflower Kitchen Cleaner & Degreaser is an **eco-friendly catering and general-purpose degreaser** developed to remove stubborn grease, oils and food-related deposits from kitchen surfaces and equipment. Its effective cleaning formulation emulsifies **animal fats, grease, oil, blood and protein residues**, helping maintain clean, hygienic working environments in commercial kitchens, food preparation areas and catering facilities.

Featuring a **low-foam formulation**, this versatile degreaser helps break down greasy deposits and lift stubborn soiling from suitable hard surfaces. Its **non-tainting properties** make it particularly useful in catering environments where unwanted odours and residues must be avoided. The formulation is also **suitable for use on aluminium**, providing additional flexibility when cleaning compatible kitchen equipment and surfaces.

Designed to combine **professional degreasing performance with environmentally considerate cleaning**, this Ecoflower product offers a practical solution for routine kitchen maintenance and general cleaning tasks. Its low-foaming action makes rinsing more manageable, while its versatile cleaning properties support use across a range of suitable surfaces. Supplied in a **pack of 2 x 5-litre containers**, it provides a convenient supply for busy catering operations, commercial kitchens and professional cleaning teams.

Product Features

- **Eco-friendly kitchen cleaner and degreaser** for professional cleaning applications
- **Catering and general-purpose formulation** for versatile cleaning
- **Powerful emulsifying action** helps break down stubborn greasy deposits
- Effectively removes **animal fats, grease and oils**
- Helps lift **blood and protein-based residues** from suitable surfaces
