Selden Penetrating and Release Spray Aerosol - 480ml

Variant code: 06-K008

Lubricates, protects and prevents seizure. Prevents further corrosion and oxidation. Safe on all metals. Will not attack plastic cables. Ozone friendly. Does not contain chlorofluorocarbons.

Penetrates and releases seized metal parts and also frees badly corroded nuts and bolts. Helps to facilitate machine reassembly.

Fit extension tube to spray head. Shake well before each spraying. Spray seized part, leave a few minutes for fluid to penetrate before attempting to free. Use extension tube to reach inaccessible parts.
