Selden Stainless Steel Cleaner Aerosol - 480ml

Variant code: 06-K050

Cleans, polishes and protects in one easy action. Non greasy film resists fingermarking and dust. Restores surface to original lustre. Non abrasive, will not scratch. Ozone friendly. Does not contain chlorofluorocarbons.

For cleaning and polishing all types of stainless steel, chrome, aluminium and lacquered surfaces situated in kitchens and bathrooms; hotels, and restaurants and on decorative features.

Shake can well before spraying. Hold can as upright as possible approximately 20cm from surface. Spray lightly and polish with a clean cloth. Product can be sprayed directly onto a cloth and wiped over surface. Do not over apply.
