

## Selgiene Extreme Bactericidal & Virucidal Cleaner – Case 6 x 750ml

Variant code: 06-T500

**Selgiene Extreme Bactericidal & Virucidal Cleaner** is a professional **ready-to-use high-level disinfectant** developed for effective cleaning and sanitising in **healthcare, catering and high-risk environments**. The powerful formulation cleans and sanitises water-washable surfaces while providing broad-spectrum activity against **bacteria, enveloped viruses and yeast**.

Certified to **EN 1276, EN 14675, EN 13704, EN 14476 & EN 1650**, Selgiene Extreme is effective against bacteria including **E. coli, Salmonella and MRSA**, enveloped viruses including **Coronavirus, HIV, Hepatitis C and Influenza**, and yeast including **Candida**. Its **unfragranced and non-tainting formulation** also makes it suitable for use in catering environments and on appropriate food-contact surfaces.

Supplied as a convenient **750ml trigger spray**, Selgiene Extreme is ready for everyday infection-control cleaning and can be used on **water-washable surfaces and floors**. For routine spray-and-wipe applications, apply to the surface, allow a **minimum contact time of 30 seconds**, then wipe or rinse with a clean cloth. The product is manufactured in the UK under **ISO 9001, ISO 14001 and ISO 45001** management systems.

---

### Product Features

- **Ready-to-use bactericidal, virucidal and yeasticidal cleaner**
- **High-level disinfectant** for professional environments
- Certified to **EN 1276, EN 14675, EN 13704, EN 14476 & EN 1650**

- Effective against enveloped viruses including **Coronavirus, HIV, Hepatitis C and Influenza**
- Effective against yeast including **Candida**
- **Unfragranced and non-tainting** formulation
- Suitable for **water-washable surfaces and floors**

- Suitable for use in **catering environments**
- Supplied in a convenient **750ml trigger spray**

---

## Product Benefits

- **Combines cleaning and disinfection to support effective everyday infection control**
- **Broad-spectrum efficacy helps control bacteria, enveloped viruses and yeast**
- **Ready-to-use formulation eliminates the need for dilution before spray-and-wipe cleaning**
- **Minimum 30-second contact time** supports efficient routine surface disinfection
- Suitable for frequently touched surfaces including **door handles, tables and banisters**
- **Non-tainting and unfragranced** formulation makes it suitable for sensitive professional environments
- Suitable for **healthcare, catering and other high-risk applications**

---

## Technical Characteristics

- **Product Type:** Bactericidal, Virucidal & Yeasticidal Cleaner
- **Pack Size:** 750ml
- **Application Type:** Ready to Use
- **Appearance:** Clear Liquid
- **Colour:** Pink
- **Fragrance:** Unfragranced
- **pH:** 10
- **Standards:** EN 1276, EN 14675, EN 13704, EN 14476 & EN 1650
- **Key Properties:** Bactericidal, Virucidal, Yeasticidal & Non-Tainting
- **Surface Compatibility:** Water-Washable Surfaces and Floors

---

## Applications

**Selgiene Extreme Bactericidal & Virucidal Cleaner** is ideal for **healthcare facilities, care environments, catering areas, schools, leisure facilities, hospitality venues and other professional or high-risk environments**. It can be used for cleaning and sanitising **water-washable surfaces, floors and frequently touched areas**, making it a practical everyday product for helping maintain high standards of hygiene and infection control.
