Selgiene Ultra Bactericidal and Virucidal Cleaner - Case of 6x750ml

Variant code: 05-T066

Selgiene Ultra Bactericidal & Virucidal Cleaner is a **professional-grade cleaner and disinfectant** formulated to deliver powerful cleaning and broad-spectrum antimicrobial performance in a single application. Designed for use in environments where high standards of hygiene are essential, this ready-to-use formulation effectively cleans and disinfects hard surfaces, helping to reduce the spread of bacteria, viruses and other harmful microorganisms.

Ideal for routine cleaning and infection control programmes, Selgiene Ultra combines excellent detergency with advanced disinfectant properties. The versatile formula removes dirt, grease and organic soiling while providing effective bactericidal and virucidal action, making it suitable for use across a wide range of commercial, healthcare and public settings.

Supplied in a convenient **case of 6 x 750ml trigger spray bottles**, the product is ready to use straight from the bottle, allowing fast and efficient application without the need for dilution. The trigger spray format makes it ideal for cleaning high-touch points, work surfaces and frequently used communal areas.

Trusted by professional cleaning teams, Selgiene Ultra provides a practical and effective solution for maintaining hygienic, safe and compliant environments.
