Semi-Skimmed UHT Milk Portions 120 x 12ml

Variant code: 30-UHT

The **Semi-Skimmed UHT Milk Portions** provide a convenient and hygienic solution for serving milk with tea, coffee and other hot beverages. Each individual portion contains **12ml of semi-skimmed UHT milk**, offering the fresh taste of milk with the convenience of long-life storage. Supplied in a bulk pack of **120 individually sealed portions**, they are ideal for offices, hospitality venues, catering environments and self-service refreshment stations.

Produced using Ultra High Temperature (UHT) processing, the milk can be stored at ambient temperature until opened, eliminating the need for refrigeration before use. Individually sealed portions ensure freshness, improve hygiene and reduce waste by providing perfectly measured servings every time. Their compact design makes them ideal for meeting rooms, hotel hospitality trays, cafés, staff kitchens and reception areas.

Made using **100% semi-skimmed milk**, these UHT portions provide a source of protein while containing just **1.5g of fat per 100ml**. Easy to open and serve, they offer a practical, cost-effective solution for busy commercial environments requiring reliable beverage accompaniments.
