Shades Air Freshener Solid Gel - 190g - Aqua Marine

Variant code: 06-605M

Shades Solid Gel Air Freshener is a convenient, ready-to-use **gel air freshener** designed to provide a continuous background fragrance in indoor environments. Ideal for maintaining a fresh and welcoming atmosphere, it gradually releases fragrance to help improve the ambience of rooms and shared spaces.

The **fragranced gel formulation** is designed to deliver a consistent scent over an extended period without the need for aerosol spraying, batteries or electrical dispensers. Its passive fragrance release makes it a practical choice for everyday air freshening.

Supplied in a compact **190g gel tub**, the air freshener is available in three fragrances: **Orange & Lemon, Aqua Marine and Wild Meadow**. Each fragrance offers a different scent experience, allowing users to choose the most suitable option for their environment.

Product Features

- **Long-lasting gel air freshener** designed for continuous background fragrance.
- **Passive fragrance release** without manual spraying.
- **Ready-to-use gel formulation** requiring no dilution.
- **Three fragrance options** to suit different preferences.
- **Compact 190g tub** for convenient placement.
- **No batteries or electricity required** for operation.
- **Suitable for professional indoor aircare**.

Product Benefits

- **Continuous freshness** helps maintain pleasant indoor environments.
- **Long-lasting fragrance** reduces the need for frequent manual freshening.
- **Simple operation** requires minimal attention.
- **Fragrance choice** allows different scent preferences.
- **Compact design** makes placement

- **Container:** Gel Tub
- **Pack Quantity:** 1 x 190g

Applications

Area of Use: Ideal for **washrooms, offices, reception areas, corridors, changing rooms and other suitable indoor spaces** requiring continuous background fragrance.

How to Use: Remove the packaging and open the gel tub according to the product instructions. Position it upright on a stable surface in a suitable, well-ventilated location to allow the fragrance to disperse naturally. Replace the tub when the fragrance is depleted.

Safety: Keep out of reach of children and pets. Avoid direct contact with the gel and prevent contact with food or food preparation surfaces. Follow the product label and safety instructions.
