Vikan Short Handled Hand Brush - Soft/Split - 270mm - White

Variant code: 11-41935

The split bristles of this brush is used for washing very sensitive areas, e.g. washing glass and perspex. The bristles are designed to retain water and chemicals for dipping the brush into a bucket of chemical solution and washing. Suitable for every-day cleaning in industries and institutional kitchens. Split Filaments do not fulfil the demands in the hygiene charter.
