SpaceVac Hurricane 230v 16a Triple Motor Industrial Vacuum

Variant code: 16-SSVONE43

SpaceVac Hurricane 230V 16A Triple Motor Industrial Vacuum Cleaner is a powerful **wet and dry industrial vacuum** engineered specifically for demanding cleaning applications and high-level cleaning using the SpaceVac system. Featuring **three independently controlled single-phase bypass motors**, the Hurricane delivers exceptional suction performance for removing dust, debris and liquids from industrial, commercial and specialist environments.

Designed for maximum productivity, the Hurricane incorporates a **65-litre collection container**, a high-efficiency **Category L polyester star filter**, manual filter shaker and integrated vacuum gauge to monitor filter performance. A dedicated **SpaceVac tool holder** keeps poles and accessories organised and readily accessible, while the robust trolley chassis with large castors ensures excellent mobility across demanding work sites.

Built for continuous professional use, the SpaceVac Hurricane combines powerful performance with practical features including a **9-metre power cable**, **70mm quick-connect inlet**, independent motor switches and durable ABS/metal motor head. Ideal for internal and external cleaning, it provides a reliable solution for high-reach dust removal, industrial maintenance and specialist cleaning applications.

Product Features

- Powerful triple motor wet and dry industrial vacuum
- Three independently switched single-phase double-stage bypass motors
- 65-litre dust and liquid collection container with integrated handles
- Category L polyester star filter (Ø460mm)
- Manual filter shaker for easy filter cleaning
- Vacuum gauge to monitor filter efficiency
- Dedicated SpaceVac tool holder for poles and accessories

- 9m power cable with 70mm quick-connect inlet

Product Benefits

- **Delivers exceptional suction for demanding industrial cleaning**
- **Independent motor control optimises power and energy usage**
- **Suitable for both wet and dry cleaning applications**
- Large capacity reduces emptying frequency
- Filter efficiency monitoring helps maintain peak performance
- Integrated tool storage improves productivity and organisation
- Heavy-duty trolley provides excellent mobility and stability
- Designed for continuous professional and industrial use

Technical Characteristics

- Product Type: Industrial Wet & Dry Vacuum Cleaner
- Power Supply: 230V 16A
- Motor Configuration: Triple Single-Phase Double-Stage Bypass Motors
- Motor Control: Independent On/Off Switches
- Container Capacity: 65 Litres
- Filter: Category L Polyester Star Filter (Ø460mm)
- Filter Cleaning: Manual Filter Shaker
- Vacuum Gauge: Integrated Filter Efficiency Meter
- Power Cable Length: 9 Metres
- Inlet Diameter: 70mm Quick Product Inlet
- Motor Head: ABS/Metal Construction
- Mobility: Rear Ø150mm Castors, Front Ø125mm Braked Castors
- Integrated SpaceVac Tool Holder
- Suitable for Wet & Dry Applications

Applications

The SpaceVac Hurricane 230V 16A Triple Motor Industrial Vacuum Cleaner is ideal for **industrial facilities, manufacturing plants, warehouses, food production sites, logistics centres, cleanrooms, public buildings, high-level cleaning contractors and facilities management teams**. Designed for use with the **SpaceVac high-reach cleaning system**, it provides powerful wet and dry vacuum performance for removing **dust, debris,**
