Melamine Sponge Deep Clean Floor Pad - 20"

Variant code: 03-MEL20

Melamine Sponge Deep Clean Floor Pad is a **heavy-duty floor cleaning pad** that delivers the powerful cleaning action of a magic sponge in a machine-operated floor pad. Designed to remove stubborn dirt, ingrained grime and surface build-up, it provides effective deep cleaning using water alone.

Ideal for **safety flooring, textured surfaces and heavily soiled hard floors**, its melamine sponge construction helps lift embedded dirt from difficult-to-clean areas. It can also be used to **strip floor polish using just water**, reducing the need for chemical stripping agents on suitable surfaces.

Compatible with **scrubber driers and slow-speed rotary floor machines**, the pad offers a practical solution for professional deep cleaning and floor maintenance. Its versatile cleaning action makes it suitable for commercial and industrial environments.

Product Features

- **Melamine sponge construction** for powerful deep cleaning
- Delivers the cleaning action of a magic sponge
- Removes stubborn dirt, grime and surface build-up
- Can **strip floor polish using water alone**
- Excellent for safety and textured flooring
- Compatible with scrubber driers and slow-speed rotary machines

Product Benefits

- Provides effective cleaning on heavily soiled floors
- Reduces reliance on chemical cleaning products
- Helps restore the appearance of suitable hard floors
- Removes embedded dirt from textured surfaces
- Supports efficient professional floor maintenance
- Suitable for deep cleaning and polish
