Sponge Scourer - Pack of 10

Variant code: 12-065

Sponge Scourers are professional-grade dual-action cleaning pads designed for effective everyday cleaning across commercial, industrial and domestic environments. Combining a durable abrasive scourer layer with a highly absorbent sponge backing, these versatile cleaning pads provide reliable removal of grease, grime and food residue while delivering excellent wiping and spill absorption performance.

Manufactured for demanding professional cleaning applications, these large sponge scourers are ideal for kitchens, catering environments, washrooms and janitorial cleaning tasks. The abrasive scourer surface effectively tackles stubborn dirt and burnt-on residue, while the soft sponge layer absorbs liquids and supports efficient surface wiping. Their durable construction ensures long-lasting performance during repeated use in busy cleaning environments.

Supplied in a convenient **pack of 10 sponge scourers**, Sponge Scourers offer a practical and cost-effective cleaning solution for contract cleaners, hospitality venues, food preparation areas and general household cleaning tasks.

Product Features

- **Professional sponge scourers**
- Dual-action abrasive scourer and sponge design
- Durable abrasive surface for stubborn dirt removal
- Highly absorbent sponge backing
- Large size for improved cleaning coverage
- Suitable for commercial and domestic cleaning
- Reusable and durable construction
