Square Bin Liners on a Roll - Heavy Duty - 30L - Black - Box of 1000

Variant code: 18-BL25B

Square Bin Liners on a Roll are durable **heavy duty 30 litre waste liners** designed to provide reliable and hygienic waste disposal in demanding commercial, industrial and workplace environments. Manufactured for high-performance waste management, these strong bin liners deliver dependable resistance against tearing, punctures and leaks during everyday use.

Produced from durable high-quality polyethylene, the liners are engineered to handle heavier waste loads while maintaining reliable containment performance. Their **30 litre capacity** makes them suitable for a wide range of square waste bins commonly used in offices, kitchens, workshops, warehouses and commercial facilities. The tailored **square-fit design** helps ensure a secure liner fit, reducing slippage and maximising usable bin capacity.

Supplied in a convenient **roll format**, the liners are easy to dispense, store and separate using perforated tear sections for quick access during cleaning and maintenance tasks. The discreet **black colour** provides a professional appearance suitable for commercial and industrial waste management applications. Supplied in a practical **box of 1000 liners**, these heavy-duty sacks offer an economical and dependable bulk waste disposal solution.

Product Features

- **Heavy duty square bin liners**
- **30 litre capacity**
- Strong polyethylene construction for enhanced durability
- Designed to resist tearing, punctures and leaks
- Convenient **roll format** with perforated dispensing
- Secure fit for standard square waste bins
