SC Johnson Deb Swarfega® Extreme - Heavy Duty Hand Cleaner - Case of 4 x 4L

Variant code: 10-SHD4LTR

SC Johnson Deb Swarfega Extreme is a **heavy duty hand cleaner** developed for industrial environments where workers encounter deeply ingrained oil, grease and heavy workplace soils. Manufactured by SC Johnson Professional, the Swarfega range is recognised for robust hand cleaning solutions designed to deliver effective cleansing performance while supporting skin care during frequent use.

The formulation features a **heavy duty gel formula** containing **non-abrasive natural scrubbing granules** that help lift and remove stubborn contaminants without damaging the skin. It is specifically designed to tackle heavy industrial soils including oils, lubricants, carbon black and grease commonly found in engineering, automotive, manufacturing and maintenance environments.

Added skin conditioners help leave the skin feeling smooth after use, supporting regular hand cleaning in demanding workplaces. The gel consistency provides controlled application and effective coverage, helping reduce waste while maintaining strong cleansing performance. The product is suitable for professional washroom and workshop environments where effective removal of persistent soiling is essential.

Supplied in a 4L cartridge format, Swarfega Extreme is designed for use with compatible SC Johnson Professional dispensing systems. The formulation supports efficient workplace hygiene routines while helping maintain skin condition during repeated daily use in industrial settings.

Product Features

- **Heavy duty hand cleaner** for industrial environments
- **Heavy duty gel formula** for stubborn soil removal
- Contains **non-abrasive natural scrubbing granules**
- Removes ingrained oil, grease and industrial contaminants
- Added conditioners help leave skin
