

Rubbermaid TC Antibacterial Lotion Foam Hand Soap – 6x800ml

Variant code: 10-505

Rubbermaid TC Antibacterial Lotion Foam Soap is a professional antibacterial foam hand cleansing solution designed to provide **effective hand hygiene with rich foam performance** in hygiene-sensitive environments. Developed for frequent use, it combines antibacterial protection with moisturising skin care for commercial and food handling applications.

This highly concentrated formulation produces a **rich, dense foam lather** that leaves hands feeling soft, smooth and refreshed after washing. The antibacterial formula is proven to kill **99.9% of gram-positive and gram-negative bacteria**, helping maintain high hygiene standards in busy professional environments.

Containing up to **72% more solids than standard foaming soaps**, the formulation delivers enhanced foam quality and efficient cleansing performance. Enriched with skin conditioners, it helps soothe and soften hands during repeated daily washing while supporting skin comfort in high-frequency washroom environments.

Each **800ml cartridge provides up to 2,000 hand washes**, offering an economical and cost-effective hygiene solution. The hygienic sealed **bag-in-box refill system** helps prevent leaking and supports clean, efficient dispenser operation in washrooms, food handling and processing facilities.
