

TC Antibacterial Spray Soap – 6x800ml

Variant code: 10-501

Efficient hand washing system that delivers lowest cost-in-use savings. Ideal for high-use washrooms. Spray formulations produce a thick lather for thorough hand coverage. Efficient dosing technology gives up to 4000 hand washes per 800ml refill. Sealed, disposable refills prevent leaking and clogging. Formulated to kill at least 99.9% of harmful bacteria. Ideal for use in high traffic public washrooms, retail outlets, education facilities and leisure complexes.
