Rubbermaid TC Flex Enriched Foam Antibacterial Hand Wash Refill - 1300ml

Variant code: 10-2167860

Rubbermaid TC Flex Enriched Foam Antibacterial Hand Wash Refill is a professional antibacterial foam cleansing solution designed to provide **effective hand hygiene with broad-spectrum antimicrobial protection** in high-traffic environments. Developed for use with Rubbermaid Flex™ manual dispensers, it combines fast-acting antibacterial performance with skin-friendly foam cleansing technology.

This advanced formulation is capable of killing **99.99% of common germs** and has been independently tested against European Standards including **EN1500, EN13727+A2, EN14476+A2 and EN13624**. The foam soap delivers proven **bactericidal, viricidal and yeasticidal protection**, helping maintain high hygiene standards in professional washroom and healthcare environments.

The fast-acting formula disinfects hands within **30 seconds of application** while moisturising ingredients help reduce skin dryness during repeated use. Its **fragrance-free formulation** minimises the risk of skin irritation, making it suitable for frequent hand washing and sensitive environments.

Supplied in a hygienically sealed **1300ml refill pouch**, the system helps eliminate cross-contamination risks while keeping the product fresh during use. Each refill provides up to **3,250 doses**, delivering economical hand hygiene performance for high-use facilities. Compatible with **Rubbermaid 1300ml Flex™ dispensers** and certified in line with **Biocide Product Regulations (BPR)**.
