Rubbermaid Toilet Seat Spray and Handle Cleaner - 12 x 400ml

Variant code: 10-RVU3817

Rubbermaid Toilet Seat Spray and Handle Cleaner is a professional hygiene solution designed to provide **quick and effective cleaning of toilet seats and washroom touchpoints** in commercial and public environments. Formulated with an alcohol-based solution, it helps support improved washroom hygiene and user confidence in shared facilities.

The fast-acting spray formulation is suitable for cleaning **toilet seats, flush handles, door handles and other washroom contact surfaces**, helping remove contamination and maintain cleanliness between routine washroom servicing. The alcohol-based formula dries quickly after application for convenient everyday use.

Each **400ml cartridge delivers approximately 2,000 shots**, providing an economical and efficient solution for high-traffic washroom environments. The sealed cartridge system supports hygienic dispensing while simplifying replacement and maintenance procedures.

Supplied as a **box of 12 x 400ml cartridges**, the product is ideal for commercial washrooms, hospitality venues, offices, retail facilities and public hygiene environments requiring dependable washroom surface cleaning solutions.
