Tennant Buffing Pad 20" x 14" Red - Mild Cleaning Floor Pad

Variant code: 03-1205513

Tennant Red Buffing Floor Pad is a **professional mild cleaning and buffing pad** designed for routine maintenance of **protected hard floor surfaces**. Measuring **20" x 14"**, this high-quality floor pad provides effective removal of light dirt, scuff marks and surface grime while helping maintain the appearance of floor finishes without causing damage to the floor or protective coating.

The **red pad** is widely recommended by flooring manufacturers for use with **scrubber dryers** due to its gentle cleaning action. It delivers reliable everyday cleaning and light buffing performance, making it ideal for maintaining polished floors in commercial and public environments. Suitable for use with **slow-speed and high-speed floor machines or scrubber dryers operating between 100 and 500 rpm**, it offers excellent versatility across a wide range of floor maintenance tasks.

Manufactured from durable non-woven fibres, the pad provides consistent cleaning performance, extended service life and smooth operation. It is ideal for routine cleaning programmes where maintaining floor appearance and finish is a priority.

Getting the Correct Floor Pad

- **Green** – Perfect for deep cleaning. Ensure the pad is wet before use. Suitable for slow-speed scrubbing machines or scrubber dryers (**100–200 rpm**).
- **Black** – Designed for floor stripping and must always be used wet. Using it dry may damage floors. Suitable for slow-speed scrubbing machines (**100–200 rpm**).
- **Red** – A mild floor cleaning pad recommended by many flooring manufacturers for scrubber dryers, with minimal risk of damaging floor finishes. Suitable for slow or high-speed cleaning machines and scrubber dryers (**100–500 rpm**).
- **Blue** – Ideal for spray cleaning polished floors with heavy scuff marks, making it particularly suitable for school corridors.

Suitable for slow or high-speed cleaning machines or scrubber dryers (**100–400 rpm**).
- **White** – Designed for burnishing clean floors to a high shine. Suitable for high-speed scrubbers and ultra-high-speed burnishers (**350–500 rpm**). Keep the machine moving to avoid overheating the floor.
- **Tan** – Very mild pad suitable for waxed wooden floors and delicate floor dressings. Use with high-speed buffing machines (**350–500 rpm**).
- **Melamine** – Use only with water and never dry, as dry use causes rapid wear. Suitable for slow-speed cleaning machines or scrubber dryers (**100–200 rpm**).

Product Features

- **20" x 14" red buffing floor pad**
- Mild cleaning and light buffing action
- Suitable for protected hard floor finishes
- Removes light dirt and scuff marks
- Durable non-woven fibre construction
- Compatible with scrubber dryers
