Tie Handle Nappy Bags - Pack of 200

Variant code: 18-NS20

Tie Handle Nappy Bags provide a hygienic and convenient solution for the safe disposal of soiled nappies and baby waste. Designed for everyday use at home or on the go, these durable disposable bags help contain odours and leaks while supporting cleaner and more efficient nappy changing routines.

Each bag features practical **integrated tie handles** that allow for quick and secure sealing after use. This helps trap unpleasant odours and prevents leakage during disposal and transport. Manufactured from durable leak-resistant material, these nappy bags offer dependable performance for parents, nurseries, childcare settings and caregivers requiring reliable hygiene products for baby waste management.

Supplied in a convenient **pack of 200 bags**, these lightweight and compact nappy sacks provide a cost-effective and long-lasting solution for maintaining cleanliness and hygiene during baby care routines both indoors and while travelling.
