Tork PeakServe® Continuous™ Folded Hand Towels - 1 Ply - White - Case of 4920

Variant code: 01-100585

Tork PeakServe Continuous Folded Hand Towels are designed to maximise efficiency and improve user experience in high-traffic washroom environments. Developed for use with the innovative **Tork H5 PeakServe® dispensing system**, these compressed 1 ply hand towels help reduce maintenance demands while ensuring a smooth and uninterrupted dispensing experience.

The advanced **continuous dispensing system** allows towels to flow seamlessly between bundles, helping prevent delays and bottlenecks during busy periods. The compressed refill design significantly increases dispenser capacity, reducing refill frequency and allowing cleaning staff to focus on other essential tasks. With **one-at-a-time dispensing**, the system promotes improved hygiene while helping control towel consumption and operational costs. The refills are also easy to transport, store and top up, supporting efficient washroom management in demanding commercial environments.

Product Features

- **1 ply continuous folded hand towels** for Tork H5 PeakServe® systems
- **Compressed refills** for increased dispenser capacity
- **Continuous dispensing** for uninterrupted towel flow
- **One-at-a-time dispensing** supports hygiene and reduces waste
- Designed for **high-traffic washroom environments**
- Easy to store, transport and replenish
- Flexible top-up system helps prevent run-outs

Product Benefits

- Reduces maintenance time through high-capacity refills
- Improves washroom flow during busy periods
- Enhances hygiene by limiting contact with unused towels
