Tork A1 Premium Mixed Pack Aerosol Air Freshener Spray - 12x75ml

Variant code: 06-236056

Tork A1 Premium Mixed Pack Aerosol Air Freshener Spray is a professional **washroom air freshening and odour control solution** designed to maintain a pleasant, welcoming atmosphere in commercial and public facilities. Featuring a selection of premium **citrus, fruity and floral fragrances**, the mixed pack provides a variety of refreshing scents developed to enhance the washroom experience.

Formulated with **concentrated fragrance oils** and proprietary **odour neutralising agents**, these aerosol refills help eliminate unpleasant smells rather than simply masking them. The long-lasting fragrances provide effective air freshening, helping maintain a consistently fresh environment throughout the day.

Designed for use with the **Tork A1 Air Freshener Spray Dispenser**, each refill offers up to **3,000 sprays** and supports flexible dispenser settings to suit different washroom requirements. Supplied in a convenient **case of 12 x 75ml aerosol refills**, the mixed pack is ideal for professional washroom maintenance in busy commercial environments.

Applications

Area of Use: Ideal for **commercial washrooms, offices, hotels, restaurants, schools, healthcare facilities, shopping centres, leisure facilities and other public buildings**. Suitable for high-traffic environments requiring consistent fragrance delivery and effective odour control.

How to Use: Open the compatible **Tork A1 Air Freshener Spray Dispenser** according to its operating instructions. Remove the empty aerosol refill and insert a new cartridge, ensuring it is correctly positioned. Close the dispenser and select the appropriate **spray interval and operating settings** according to washroom size, ventilation and usage. Replace the refill when empty.

Application Considerations: Use only with compatible **Tork A1 aerosol air freshener dispensers**. Position the dispenser according to the installation instructions, away from direct heat sources and ignition points. Select appropriate spray settings to provide effective fragrance coverage without excessive application.

Safety: Pressurised aerosol – flammable contents. Keep away from heat, sparks, open flames and other ignition sources. Do not pierce or burn the container, even after use. Protect from direct sunlight and temperatures exceeding 50°C. Avoid direct inhalation of spray and contact with eyes. Follow the product label and the current Safety Data Sheet for each fragrance.
