Tork Reflex M4 - Centrefeed - Blue Roll - 2 Ply - 150m - Case of 6

Variant code: 01-253

Tork Reflex M4 Blue Centrefeed Roll is a professional **2 ply wiping paper solution** designed for efficient and hygienic dispensing in commercial and industrial environments. Developed for use with the **Tork Reflex M4 dispensing system**, these high-capacity rolls provide controlled paper dispensing while supporting reduced consumption and improved workplace hygiene.

Each roll provides **150 metres of durable 2 ply blue paper**, making it suitable for demanding wiping and cleaning applications. The Reflex dispensing system delivers paper one sheet at a time, helping reduce unnecessary usage and minimise waste compared to traditional free-flow centrefeed systems. This controlled dispensing method also supports improved hygiene by ensuring users only touch the paper they use.

The strong and absorbent blue paper construction makes these rolls suitable for a wide range of professional cleaning and wiping tasks. Designed for high-use environments, the large roll capacity helps reduce refill frequency and supports efficient workflow management in busy operational areas.

Product Features

- **2 ply blue centrefeed roll** for professional wiping applications
- Compatible with the **Tork Reflex M4 dispensing system**
- **150m roll length** for high-capacity use
- Controlled single-sheet dispensing reduces waste
- Strong and absorbent paper construction
- Supports improved hygiene through reduced contact
- Supplied as a **case of 6 rolls**

Product Benefits

- Helps reduce paper consumption and operating costs
- Improves hygiene by minimising cross-

contamination risks
- Supports efficient cleaning and wiping workflows
- Reduces refill frequency with high-capacity rolls
- Provides reliable wiping performance in demanding environments
- Suitable for commercial and industrial use
- Enhances efficiency in high-use operational areas

Technical Characteristics

- Compatible with **Tork Reflex M4 dispensers**
- **2 ply blue paper construction**
- Roll length: **150 metres**
- Designed for controlled single-sheet dispensing
- Suitable for wiping and cleaning applications
- Supplied as a **case of 6 rolls**
- Store in a clean, dry environment before use

Applications

The **Tork Reflex M4 Blue Centrefeed Roll** is suitable for use in **commercial kitchens, food preparation areas, workshops, healthcare environments, cleaning operations and industrial facilities** where controlled paper dispensing and effective wiping performance are required. It is particularly effective in high-use environments seeking to reduce waste, improve hygiene and maintain operational efficiency.

Property	Value
