DISCONTINUED - USE 10-218

Variant code: 10-217

Tork S1 Premium Extra Mild Liquid Soap is a gentle hand cleansing solution designed to provide **effective hand hygiene for sensitive skin** in professional washroom environments. Developed for frequent use, it combines reliable cleansing performance with a skin-friendly formulation suitable for users requiring extra care.

This **unscented and colour-free liquid soap** is formulated to minimise irritation while effectively removing dirt and everyday contamination. Its extra mild composition is suitable for environments where fragrance-free and gentle products are preferred, particularly in healthcare and public facilities.

The soap is both **dermatologically tested** and **ECARF certified**, confirming its suitability for sensitive and allergy-prone skin. In addition, the product carries the **EU Ecolabel certification**, supporting environmentally responsible washroom solutions without compromising hygiene standards.

Designed for use with **Tork S1 dispensing systems**, the hygienic sealed cartridge system ensures easy and efficient refilling while helping reduce contamination risks. Supplied as a **case of 6 x 1L cartridges**, it is ideal for high-use washroom environments requiring dependable and skin-friendly hand cleansing.
