

Tork T6 Advanced Autoshift – Toilet Rolls – 2 Ply – 100m – 35mm Core – Case of 27

Variant code: 01-127530

Tork T6 Advanced Autoshift Toilet Rolls are designed to deliver efficient, hygienic and reliable washroom performance in high-traffic commercial environments. Engineered for use with the **Tork T6 Autoshift dispensing system**, these high-capacity toilet rolls help minimise waste, reduce maintenance requirements and ensure a continuous supply of tissue for washroom users.

Each roll provides **100 metres of 2 ply toilet tissue**, reducing the frequency of roll changes and supporting efficient washroom management. The **Autoshift dispensing system** automatically presents a fresh roll once the previous roll is fully used, helping to minimise waste while maintaining availability. Designed with a **35mm core** for smooth and reliable dispensing, the Advanced quality tissue offers a balance of softness and strength for user comfort and dependable everyday performance.

Product Features

- **2 ply toilet rolls** for Tork T6 Autoshift systems
- **100 metre roll length** reduces refill frequency
- **Autoshift dispensing** helps minimise waste
- **35mm core** for reliable dispenser compatibility
- **Advanced quality tissue** for comfort and strength
- Designed for **high-traffic washroom environments**
- Supplied in a **case of 27 rolls**

Product Benefits

- Reduces maintenance time through long-lasting rolls
- Helps prevent tissue run-outs in busy washrooms
- Improves hygiene and dispensing efficiency
- Minimises waste through automatic roll shift technology

- Provides a comfortable and reliable user experience
- Supports cost-effective washroom management
- Ideal for maintaining professional washroom standards

Technical Characteristics

- Compatible with **Tork T6 Autoshift dispensers**
- **100m roll length** per roll
- **35mm core diameter**
- **2 ply white tissue** construction
- Advanced quality for dependable daily performance
- Automatic roll shift ensures full roll usage before replacement
- Supplied in a **case of 27 rolls**

Applications

Tork T6 Advanced Autoshift Toilet Rolls are ideal for offices, schools, restaurants, healthcare facilities, hospitality venues and other high-traffic commercial washrooms. Their long roll length and automatic dispensing functionality make them particularly suitable for environments where reducing maintenance time, minimising waste and maintaining continuous availability are essential.
