

Tork T8 SmartOne Advanced – Toilet Rolls – 2 Ply – 207m – 44mm Core – White – Case of 6

Variant code: 01-692

Tork T8 SmartOne Advanced Toilet Roll is a high-capacity **2 ply toilet tissue solution** developed for busy commercial washrooms and high-traffic environments. Designed for use with the innovative **Tork T8 SmartOne dispenser system**, these rolls provide a hygienic, cost-effective and low-maintenance washroom solution suitable for a wide range of professional settings.

Each roll delivers an impressive **207 metres of 2 ply white tissue** on a **44mm core**, helping reduce refill frequency and minimise maintenance requirements. The SmartOne single-sheet dispensing system releases one sheet at a time, helping significantly reduce unnecessary consumption and lowering overall operating costs. This controlled dispensing method also improves hygiene by ensuring users only touch the paper they use, reducing the risk of cross-contamination in shared washroom environments.

The soft yet durable 2 ply construction provides a comfortable user experience while maintaining efficient tissue usage. Combined with the high-capacity format, these rolls are particularly suitable for locations requiring reliable washroom performance with reduced servicing demands.

Product Features

- **2 ply toilet roll** for professional washrooms
- Compatible with the **Tork T8 SmartOne dispenser system**
- **207m roll length** for high-capacity use
- **44mm core size**
- Single-sheet dispensing helps reduce tissue consumption
- White tissue with soft and durable construction
- Supplied as a **case of 6 rolls**

Product Benefits

- Helps reduce waste and lower operating costs

- Improves hygiene by minimising cross-contamination risks
- Reduces maintenance time with high-capacity rolls
- Supports efficient washroom management in busy environments
- Provides reliable and comfortable user experience
- Reduces refill frequency in high-traffic washrooms
- Suitable for professional and commercial facilities

Technical Characteristics

- Compatible with **Tork T8 SmartOne dispensers**
- **2 ply white tissue construction**
- Roll length: **207 metres**
- Core size: **44mm**
- Single-sheet dispensing system for controlled usage
- Designed for high-frequency commercial use
- Store in a clean, dry environment before use

Applications

The **Tork T8 SmartOne Advanced Toilet Roll** is suitable for use in **offices, schools, restaurants, healthcare facilities, public washrooms and other high-traffic commercial environments**. It is particularly effective in facilities seeking to reduce maintenance requirements, improve hygiene standards and optimise tissue consumption while maintaining a comfortable user experience.
