Tork SmartOne Mini T9 - Toilet Rolls, 2-Ply, 111m, 44mm Core – Case of 12

Variant code: 01-695

Tork SmartOne Mini T9 Toilet Roll is a high-capacity **2 ply toilet tissue solution** designed to improve hygiene, efficiency and consumption control in professional washroom environments. Developed for use with the **Tork SmartOne Mini dispenser system**, these rolls provide controlled single-sheet dispensing, helping reduce waste while maintaining reliable tissue availability in low, medium and high-traffic washrooms.

The SmartOne Mini system uniquely dispenses **one hygienic sheet at a time**, helping reduce consumption by up to **40%** compared to traditional jumbo roll dispensers. This controlled dispensing method also improves hygiene by ensuring users only touch the tissue they use, helping minimise cross-contamination risks in shared washroom facilities.

Each roll provides **111 metres of soft 2 ply white tissue** on a **44mm core**, featuring the distinctive **Tork leaf embossing** for an enhanced user experience and professional washroom presentation. The high-capacity design reduces refill frequency and maintenance requirements, while the quick-disintegrating tissue helps minimise the risk of pipe blockages. The integrated **SmartCore® core removal system** supports fast and simple refilling procedures.

Product Features

- **2 ply toilet roll** for professional washrooms
- Compatible with the **Tork SmartOne Mini T9 dispenser system**
- **111m roll length** with **44mm core**
- Single-sheet dispensing helps reduce consumption by up to **40%**
- Soft white tissue with **Tork leaf embossing**
- **SmartCore®** core removal for quick refilling
- Quick-disintegrating tissue helps reduce pipe blockage risks

Product Benefits

Tel: 01626 355177
Email: info@aukhygiene.com

- Reduces tissue waste and operating costs
- Improves hygiene by minimising cross-contamination
- Supports efficient washroom management with fewer refills
- Provides reliable tissue availability in busy environments
- Enhances user experience with soft embossed tissue
- Helps reduce maintenance time in commercial washrooms
- Supports efficient and hygienic dispenser operation

Technical Characteristics

- Compatible with **Tork SmartOne Mini T9 dispensers**
- **2 ply white tissue construction**
- Roll length: **111 metres**
- Core size: **44mm**
- Single-sheet dispensing system for controlled usage
- **SmartCore®** removal system for efficient refilling
- Supplied as a **case of 12 rolls**

Applications

The **Tork SmartOne Mini T9 Toilet Roll** is suitable for use in **offices, schools, restaurants, healthcare facilities, hospitality venues and public washrooms** where controlled consumption, hygiene and maintenance efficiency are important. It is particularly effective in low to high-traffic environments requiring reliable high-capacity toilet tissue systems with reduced servicing demands.
