Windmill - Touch Guard - Unperfumed Skin Conditioning Cream - 1L

Variant code: 10-835

Windmill - Touch Guard - Unperfumed Skin Conditioning Cream - 1L: Your Essential Barrier for Healthy Hands

Protect your workforce's most valuable tool—their hands—with the **Windmill - Touch Guard - Unperfumed Skin Conditioning Cream**. This premium 1-litre cartridge refill from AUK Hygiene is not just a moisturiser; it's a **professional-grade skin barrier cream** designed to condition and protect hard-working hands against a wide range of industrial and wet contaminants.

Ideal for high-use commercial and industrial environments, our non-greasy, odourless formula ensures skin remains nourished and protected, significantly reducing the risk of work-related skin conditions like **dermatitis** and dryness.

Key Features & Benefits

- **Triple-Action Protection:** This unique formula works in three critical ways:
  - **Protective Barrier:** Forms a non-occlusive shield against wet and dry contaminants, including oils, grease, chemicals, and dirt.
  - **Abrasion Reduction:** Helps minimise the effects of constant friction and abrasion from physical tasks.
  - **Re-fatting & Nourishing:** Actively conditions and re-fats the skin, replenishing natural moisture lost during the workday.
- **Unperfumed & Non-Irritating:** The smooth, white, **odourless lotion** is perfect for sensitive skin, food handling areas (where fragrance is undesirable), and environments demanding strict

hygiene controls.

- **Proven Performance:** Demonstrates effective protection in both **wet and dry working conditions**.
- **Professional Formulation: Non-silicone** and **free from china clay** and other similar fillers, ensuring high-quality, reliable performance.
- **Economical 1L Cartridge:** Designed for use in compatible Windmill dispensers, providing approximately 833 doses (at 1.2ml per shot) for a hygienic, controlled, and **cost-effective** hand care solution.

Outperforming Bog-Standard Alcohol Sanitiser

While alcohol hand sanitiser is crucial for germ-kill, frequent use can severely strip the skin's natural oils, leading to **dryness, cracking, and a compromised skin barrier**.

Touch Guard Cream offers a superior solution for **skin health maintenance** in high-frequency cleaning and manual labour roles:

Feature	Windmill - Touch Guard Skin Conditioning Cream	Standard High-Alcohol Hand Sanitiser
Primary Function	**Protect, Nourish, and Condition Skin**	Rapid Germ-Kill (Antimicrobial)
Skin Effect	**Hydrates, forms a protective barrier, prevents dryness & cracking.**	Highly drying, strips natural oils, can lead to dermatitis.
Use Case	**Pre-work barrier, Post-wash/Post-sanitiser conditioning.**	Post-wash, or as an alternative to washing (when soap/water is unavailable).
Key Ingredient Type	Skin Conditioners, Emollients, Barrier Agents	High Concentration of Alcohol (60-95%)
Long-Term Skin Health	**Supports a healthy, resilient skin**	Can damage the skin barrier with repeated

	barrier.	overuse.

Switch or supplement your regimen: Use *Touch Guard* **before work** to create a protective barrier, and **after washing/sanitising** to rehydrate and replenish skin, ensuring hands stay healthy, comfortable, and protected for longer.

Frequently Asked Questions (FAQ's)

What is the primary use of the Touch Guard Skin Conditioning Cream?

The primary use is to **protect and nourish** the skin, particularly for individuals working in environments involving frequent hand washing, exposure to irritants (like dirt, oils, chemicals), or heavy manual labour. It acts as a protective barrier to maintain skin health.

Is this product a hand sanitiser?

No, the Windmill - Touch Guard cream is **not an alcohol-based hand sanitiser** and is not intended for germ-kill. It is a **skin conditioning and barrier cream** designed to prevent skin dryness, cracking, and damage from repeated cleaning or exposure to contaminants. For sanitising, use an effective hand sanitiser *followed* by the Touch Guard cream to restore moisture.

Can I use this cream if I have sensitive skin?

Yes. The formula is a smooth, white, **unperfumed and odourless lotion**, making it highly suitable for **sensitive skin** and people prone to irritation or dermatitis. Being non-silicone and free from common fillers, it minimises the risk of reaction.

How many doses does the 1L cartridge provide?

The 1-litre cartridge is designed to be highly economical, providing approximately **833 metered shots** of 1.2ml each when used in a compatible Windmill dispenser.
