Touch Hand Care Cartridge Dispenser - 1L

Variant code: 28-800

Touch Hand Care Cartridge Dispenser - 1L is a practical and reliable wall-mounted dispensing solution designed for use with the Touch range of 1-litre hand care cartridges. Combining a compact, professional appearance with simple operation, this dispenser provides an effective and hygienic method for dispensing hand soaps, sanitisers and specialist hand care products in commercial, industrial and public environments.

Designed for ease of use, the dispenser features a straightforward **slot-in cartridge system** that allows quick and hassle-free cartridge replacement, minimising maintenance time and ensuring continuous product availability. Operated using a durable **plastic key locking mechanism**, the unit helps protect cartridges from tampering while maintaining a neat and secure installation. Compatible with all Touch 1L cartridges, including the popular **Move It All® Heavy Duty Hand Scrub**, it offers excellent flexibility for a variety of workplace hygiene requirements.

Manufactured from durable materials and designed for high-traffic environments, the Touch Hand Care Cartridge Dispenser delivers reliable long-term performance while supporting effective hand hygiene programmes. Its clean, compact design makes it suitable for washrooms, workshops, industrial facilities and public buildings where hand cleanliness is a priority.
