

Transparent Anti-Microbial Reusable/Washable Civilian Masks – Black

Variant code: 22-967B

Please contact us for bulk pricing Transparent Mask, ideal for schools, to make communications easier when working safely with students. Best to use with anti fog spray for best use. Reusable and comfortable polycotton face mask helps prevent the spread of viruses by minimising the risk of inhaling droplets from speech, coughing and sneezing, and reduces the risk of involuntarily passing droplets on to others. Helps to reduce the accidental transmission of viruses by hand to face contact. Machine washable/reusable Comfortable – doesn't mark the face Anti Microbial coating – lasting between 30-100 washes.
